

Demystifying Climate Investing in 2022

Michael Andeberhan, CFA[®], CAIA[®]

**ESG Investment Strategist
State Street Global Advisors**

Michael Andeberhan is an ESG Investment Strategist at State Street Global Advisors, where he works closely with clients in North America to support their environmental, social and governance (ESG) goals, provide thought leadership and develop investment solutions that align with their sustainability ambitions.

Prior to joining SSGA, Michael was an Executive Director at MSCI where he led investment consultant coverage and served as an ESG Strategist. Earlier, Michael was an investment consultant at Callan and Verus Investments, where he advised institutional investors on strategic planning, asset allocation and investment manager selection.

Michael earned an MS from University of Utah, BA from Washington State University and holds the CFA and CAIA designations. He's a member of CFA Institute, CFA Society Los Angeles and CAIA Association.

Jaspreet Duhra

**Managing Director, Global Head of ESG Indices
S&P Dow Jones Indices**

Jaspreet Duhra is Managing Director and Global Head of Environmental, Social, and Governance (ESG) Indices at S&P Dow Jones Indices (S&P DJI). Jaspreet is involved in the design, methodology, and strategic direction of S&P DJI ESG Indices globally, as well as working closely with the Global Research & Design, Sales, and Marketing departments to bring new indices to market. S&P DJI caters to a diverse spectrum of ESG investing needs, from best-in-class approaches like ESG Elite, to broad-market ESG alternatives to mainstream indices like the S&P 500 ESG Index.

Before joining S&P DJI in 2019, Jaspreet worked as an ESG Product Specialist at ISS, as the Head of the U.K. office at oekom research, and in business development, account management, and analyst roles at Eiris.

Jaspreet holds a BSc in geography and geology from the University of Manchester and an MSc in environmental technology (business and environment) from Imperial College London.

Francois Millet
Head of Climate and Thematic Business Development
Amundi ETF

Francois oversees Climate and Thematic Business Development, being also Head of Innovation for Amundi ETF, Indexing and Smart Beta. He joined from Lyxor where he was responsible for the ESG ETF initiative since 2016, covering the ESG product strategy and business development. Francois has been deeply involved in the launch of the first Green bond ETF worldwide, the first Global Gender equality ETF, the first ESG ETFs integrating a dynamic ESG Trend approach, and the introduction of the first generation of climate transition ETFs.

Laura Segafredo, Ph.D.
Global Head of Sustainable Research
BlackRock

Laura Segafredo, Ph.D., is the Global Head of Sustainable Research for BlackRock's iShares and Index Mutual Funds. In this role, she is responsible for driving research for developing sustainable products, creating thought leadership, as well as educating clients, colleagues and the world at large on sustainable investing. Laura oversees a team of researchers who assess the quality of sustainability data and analytics, conduct analysis on sustainable strategy performance and produce content on sustainability-related topics for different regions.

Prior to joining BlackRock, Laura spent over a decade working both as an Economist and a Researcher at an array of institutions spanning a wide range of industries and geographies, including Electricite de France in Paris and the Milken Institute in Los Angeles. In addition, Laura has published a number of research papers in conjunction with various other industry experts. She is a globally recognized expert the low-carbon transition, scenario analysis of climate-related risks and opportunities, sustainable development, climate change policies and technologies and green, social and sustainable bonds. Laura has a PhD in Energy and Environmental Economics from the University of Padova, an M.Sc. in Economics from Toulouse School of Economics and a B.A. in Economics (Summa Cum Laude) from the University of Padova. During her PhD She was a visiting scholar at the University of California, Berkeley.
